

January 2012

Suzanne de la Monte, M.D.,

Department of Medicine, has received a grant from NIAAA in the amount of \$42,661, to support her research entitled, “Effects Of Ethanol On Insulin Signaling In the Brain Diversity Supplement 2”.

Valerie Knopik, PhD, Department of Psychiatry, has received a grant from PENSTU in the amount of \$10,781, to support her research entitled, “Impact of Receptor Polymorphisms on Sensations from Common Oral Irritants”.

Bharat Ramratnam, M.D., Department of Medicine, has received a grant from FHCRC in the amount of \$27,266, to support his research entitled, “Development of a Systems Biology Platform for the Assessment of Mucosal Innate and Adaptive Immunity”.

Cindy Schwartz, M.D., Department of Pediatrics, has received a grant from VANDERBILT in the amount of \$9,721, to support her research entitled, “Telephone Counseling -Caregivers for Children with Cancer”.

Susan Cu-Uvin, M.D., Department of Medicine, has received a grant from FHCRC in the amount of \$57,734, to support her research entitled, “Development of a Systems Biology Platform for the Assessment of Mucosal Innate and Adaptive Immunity”.

Susan Cu-Uvin, M.D., Department of Medicine, has received a grant from FHCRC in the amount of \$57,616, to support her research entitled, “Integrated single-cell assays for multidimensional analysis of HIV-

specific mucosal cellular responses and intercellular network mapping”.

Shira Dunsiger,, Department of Centers for Behavioral Medicine, has received a grant from UCSD in the amount of \$50,242, to support her research entitled, “Promoting Physical Activity in Latinas via Interactive Web-based Technology”.

Michelle Lally, M.D., Department of Medicine, has received a grant from ALABAMA in the amount of \$1,562, to support her research entitled, “Adolescent Trials Network III”.

Brian Montague,, Department of Medicine, has received a grant from HRSA in the amount of \$401,355, to support his research entitled, “Ryan White Part C Early Intervention Services”.

Karen Tashima, M.D., Department of Medicine, has received a grant from SSS in the amount of \$24,695, to support her research entitled, “Social and Scientific Systems reimbursement enrollment and participation in ACTG protocol A5272”.

February 2012

Jeffrey Hunt, M.D., Department of Psychiatry, has received a grant from BROWN in the amount of \$36,255, to support his research entitled, "Course and outcome of bipolar youth".

Cesario Bianchi, MD, PhD, Department of Surgery, has received a grant from AHA in the amount of \$66,000, to support his research entitled, "mTOR and Myocardial Ischemic Injury".

Cindy Schwartz, M.D., Department of Pediatrics, has received a grant from VANDERBILT in the amount of \$9,721, to support his research entitled, "Telephone Counseling -Caregivers for Children with Cancer".

Haiyan Xu, M.D., Ph.D., Department of Medicine, has received a grant from NIDDK in the amount of \$30,285, to support his research entitled, "MAP Kinase Phosphatase 3 (MKP-3) and Obesity-related Gluconeogenesis".

Judith DePue, EdD, Department of Centers for Behavioral Medicine, has received a grant from BROWN in the amount of \$7,456, to support his research entitled, "Diabetes Care in American Samoa".

Nick Zaller, PhD, Department of Medicine, has received a grant from BROWN in the amount of \$3,163, to support his research entitled, "Social and Demographic Context of HIV/AIDS Risk in Young and Migrant Population in China".

March 2012

Jeremy Aidlen, M.D., Department of Surgery, has received a grant from RIF in the amount of \$15,000, to support his research entitled, “Interactive Multi-User Display System for Laparoscopic Surgery”.

Geoffrey Allen, MD, Department of Pediatrics, has received a grant from UMASS-Worcester in the amount of \$16,500, to support his research entitled, “Public Health Surveillance for the Prevention of Bleeding and Clotting Disorders”.

Peter Friedmann, M.D., Department of Medicine, has received a grant from NIDA in the amount of \$63,315, to support his research entitled, “Extended-Release Naltrexone (XR-NTX) for Opioid-Dependent Inmates Released from Prison”.

Philip Gruppuso, M.D., Department of Pediatrics, has received a grant from NICHD in the amount of \$384,236, to support his research entitled, “Novel Approaches to Understanding the Nutrient Regulation of Fetal Somatic Growth”.

Jack Nassau, PhD, Department of Psychiatry, has received a grant from NICHD in the amount of \$8,122, to support his research entitled, “Development of an Illness Beliefs Questionnaire for Chronic Pediatrics Illness”.

Mark Sigman, M.D., Department of Surgery, has received a grant from BROWN in the amount of \$45,139, to support his research entitled, “Identification of Molecular Biomarkers

Bisphenol A”.

Kathleen Morrow, PhD, Department of Centers for Behavioral Medicine, has received a grant from NICHD in the amount of \$137,856, to support his research entitled, “Advancing Reproductive Health: Qualitative Methods & Interdisciplinary Mentorship”.

April 2012

Mary Carskadon, PhD, Department of Psychiatry, has received a grant from NIMH in the amount of \$48,046, to support his research entitled, “Prospective Study of Depressed Mood, Short Sleep and Serotonergic Genes”.

Alfred Ayala, PhD, Department of Surgery, has received a grant from NIGMS in the amount of \$32,946, to support his research entitled, “Differential effects of sepsis on immune cell function”.

Jason Hack, M.D., Department of Emergency Medicine, has received a grant from EMERGEMD in the amount of \$10,000, to support his research entitled, “Intralipid's Antidotal Effects on Drugs without Alternatives”.

Kathleen Hwang, M.D., Department of Surgery, has received a grant from RIF in the amount of \$15,000, to support his research entitled, “Erectile Dysfunction in HIV Positive Men”.

Ian Michelow, M.D., Department of Pediatrics, has received a grant from WIH-RI in the amount of \$15,000, to support his research entitled, “Vaccine development for falciparum malaria in pregnant women and their offspring”.

Jennifer Sanders, PhD, Department of Pediatrics, has received a grant from WIH-RI in the amount of \$10,000, to support his research entitled, “Novel Approaches to studying adipose tissue remodeling”.

Keiko Tarquinio,, Department of Pediatrics, has received a grant from

WIH-RI in the amount of \$5,000, to support his research entitled, “Analysis of Pseudomonas Aeruginosa Biofilm on Polyvinyl Chloride Medical Devices”.

Glenn Tung, M.D., Department of Diagnostic Imaging, has received a grant from RIMI in the amount of \$186,100, to support his research entitled, “Director of Computer Vision and Image Analysis Research”.

Beth Bock, PhD, Department of Centers for Behavioral Medicine, has received a grant from MHRI in the amount of \$50,721, to support his research entitled, “Methods for Understanding Sentinel Events”.

E. Jane Carter, M.D., Department of Medicine, has received a grant from CHU in the amount of \$45,328, to support his research entitled, “Feasibility Intervention Trial of 3 types of Improved Cookstoves in Three Developing Countries”.

Austin Huang,, Department of Medicine, has received a grant from RIF in the amount of \$15,000, to support his research entitled, “Siongle Genome Sequencing Validation of Next Generation Sequencing for HIV Resistance Testing”.

Ernestine Jennings, Ph.D., Department of Centers for Behavioral Medicine, has received a grant from NCI in the amount of \$84,217, to support his research entitled, “Postpartum Exercise Intervention for Previously Smoking Mothers”.

Michelle Lally, M.D., Department of Medicine, has received a grant from CFAR in the amount of \$20,978, to support his research entitled, “Supporting pre-exposure prophylaxis decisions among serodiscordant MSM couples: a clinical assessment of bio-behavioral risk”.

Jessica Unick, Ph.D., Department of Psychiatry, has received a grant from NCI in the amount of \$73,000, to support his research entitled, “Consistency in Individual Differences in Energy Intake Following Acute Exercise”.

May 2012

Suzanne de la Monte, M.D.,

Department of Medicine, has received a grant from NIAAA in the amount of \$4,741, to support her research entitled, “Effects Of Ethanol On Insulin Signaling In the Brain Diversity Supplement 2”.

Suzanne de la Monte, M.D.,

Department of Medicine, has received a grant from NIAAA in the amount of \$31,324, to support her research entitled, “Effects of Ethanol on Insulin Signaling in the Brain”.

Loren Fast, PhD, Department of Medicine, has received a grant from MEDICINE in the amount of \$35,000, to support his research entitled, “Characterization of Anti-Cancer Responses Generated by Stimulation of T-Cells”.

Barbara Jandasek,, Department of Psychiatry, has received a grant from APF in the amount of \$4,000, to support her research entitled, “Developing Faculty Cultural Competence for the Clinical Psychology Training Consortium Faculty”.

Timothy Murphy, M.D., Department of Diagnostic Imaging, has received a grant from NHLBI in the amount of \$498,000, to support his research entitled, “Claudication Exercise vs Endoluminal Revascularization”.

Laura Whiteley,, Department of Psychiatry, has received a grant from MIRIAM in the amount of \$40,000, to support her research entitled, “CFAR: Internet STI/HIV Prevention

Intervention for African American Adolescents”.

Dale Bond, PhD, Department of Psychiatry, has received a grant from NINDS in the amount of \$555,299, to support his research entitled, “Behavioral Weight Loss as a Treatment for Migraine in Obese Women”.

Susan Cu-Uvin, M.D., Department of Medicine, has received a grant from RIH in the amount of \$114,927, to support her research entitled, “Reproductive Hormones and Their Impact on HIV-1 Acquisition”.

Susan Cu-Uvin, M.D., Department of Medicine, has received a grant from OOAR in the amount of \$27,000, to support her research entitled, “2012 CFAR Symposium”.

Bernardine Pinto, Ph.D., Department of Centers for Behavioral Medicine, has received a grant from NCI in the amount of \$34,686, to support her research entitled, “Community Volunteers Promoting Physical Activity Among Cancer Survivors”.

June 2012

Catherine Gordon, MD, MSC, Department of Pediatrics, has received a grant from NIAMS in the amount of \$360,255, to support her research entitled, “Effects of Adrenal and Gonadal Hormones on Bone Marrow and Appendicular BMD”.

Brian R. Ott, M.D., Department of Neurology, has received a grant from UCSD in the amount of \$49,013, to support his research entitled, “Rhode Island Alzheimer Prevention Registry”.

Beth Bock, PhD, Department of Centers for Behavioral Medicine, has received a grant from NCCAM in the amount of \$584,124, to support her research entitled, “Efficacy of Yoga as an Alternative Therapy for Smoking Cessation”.

Silvia Degli-Esposti, M.D., Department of Medicine, has received a grant from UCSF in the amount of \$8,000, to support her research entitled, “PIANO: Pregnancy In Inflammatory Bowel Disease and Neonatal Outcomes”.

Brian Montague,, Department of Medicine, has received a grant from HRSA in the amount of \$401,354, to support his research entitled, “Ryan White Part C Early Intervention Services”.

Brian Montague,, Department of Medicine, has received a grant from HRSA in the amount of \$38,000, to support his research entitled, “Ryan White Part C Early Intervention Services”.

John Graham Thomas, Ph.D., Department of Psychiatry, has received a grant from NIDDK in the amount of \$552,547, to support his research entitled, “LIVE SMART: Smartphone Intervention for Weight Control”.

Richard Liu, Ph.D., Department of Psychiatry, has received a grant from AFSP in the amount of \$50,000, to support his research entitled, “Life stress and affect regulation in multiple and first time adolescent suicide attempters.”.

Mary Cooper, M.D., JD, Department of Lifespan Quality RIH, has received a grant from OPHS in the amount of \$29,722, to support her research entitled, “Standardized Debriefing in the Operating Room (S-DOR)”.

Alexis Devine,, Department of Lifespan HR Work Force Development, has received a grant from WORKFORCEPC in the amount of \$45,497, to support her research entitled, “RI Youth Workforce Services-Summer Youth Employment Program”.

Jennifer Freeman, PhD, Department of Psychiatry, has received a grant from NIMH in the amount of \$222,999, to support her research entitled, “CBT for Pediatric OCD: Effective therapist behaviors and community training pilot”.

July 2012

Ruhul Abid, MD, PhD, Department of Surgery, has received a grant from AHA in the amount of \$66,000, to support his research entitled, “Mechanisms for Redox Regulation of Selective VEGF Signaling Pathways in Endothelial Cells”.

Richard Besdine, M.D., Department of Medicine, has received a grant from AFAR in the amount of \$120,000, to support his research entitled, “CoE In Geriatric Medicine and Training Renewal”.

Christopher Born, M.D., Department of Orthopaedics, has received a grant from Stein-Bellet in the amount of \$25,000, to support his research entitled, “Orthopaedic Trauma Research Fellowship”.

Christine Conelea,, Department of Psychiatry, has received a grant from NRSA in the amount of \$51,366, to support her research entitled, “Characterization and Treatment of Sensory Intolerance”.

Joseph J. Crisco, Ph.D., Department of Orthopaedics, has received a grant from NICHD in the amount of \$217,654, to support his research entitled, “Motion-Specific Toy Controllers for Upper Extremity Rehabilitation in Children”.

Miran Kim, PhD, Department of Medicine, has received a grant from NIAAA in the amount of \$228,563, to support her research entitled, “Role of Wnt Signaling In Chronic Alcoholic Liver Disease”.

Eduardo Nillni, PhD, Department of Medicine, has received a grant from NIDDK in the amount of \$66,843, to support his research entitled, “Hypthalaic SIRT1 and Energy Balance Diversity Supplement”.

Jonathan Reichner, PhD, Department of Surgery, has received a grant from NIAID in the amount of \$247,594, to support his research entitled, “Neutrophil Migration in Three Dimensions”.

Samir Shah, M.D., Department of Medicine, has received a grant from MSSM in the amount of \$100,457, to support his research entitled, “OSCCAR: Ocean State Crohn's and Colitis Area Registry”.

Samir Shah, M.D., Department of Medicine, has received a grant from MSSM in the amount of \$16,685, to support his research entitled, “OSCCAR: Ocean State Crohn's and Colitis Area Registry MSSM Component”.

Beth Bock, PhD, Department of Centers for Behavioral Medicine, has received a grant from NIAAA in the amount of \$222,911, to support her research entitled, “Text Messaging as a Novel Alcohol Intervention for Community College Students”.

Charles Carpenter, M.D., Department of Medicine, has received a grant from NIAID in the amount of \$804,971, to support his research entitled, “Lifespan/Tufts/Brown Center for AIDS Research”.

Charles Carpenter, M.D., Department of Medicine, has received a grant from NIAID in the amount of \$316,589, to support his research entitled, “CFAR Developmental Grants”.

Susan Cu-Uvin, M.D., Department of Medicine, has received a grant from NIAID in the amount of \$150,159, to support her research entitled, “CFAR: Core D HIV in Women & Underserved Populations”.

Michelle Lally, M.D., Department of Medicine, has received a grant from NIAID in the amount of \$165,000, to support her research entitled, “CFAR: Core E Prevention Core”.

Tricia Leahey, Department of Psychiatry, has received a grant from NIDDK in the amount of \$398,130, to support her research entitled, “A Randomized Trial Testing Lay Health Coaches for Obesity Treatment”.

Bharat Ramratnam, M.D., Department of Medicine, has received a grant from NIAID in the amount of \$153,356, to support his research entitled, “CFAR Retrovirology Core H”.

August 2012

Francesca Beaudoin, Department of Emergency Medicine, has received a grant from EMERGEMED in the amount of \$40,465, to support her research entitled, “Low Dose Ketamine for Management of Acute Pain in Long Bone Fractures”.

Bruce Becker, M.D., Department of Emergency Medicine, has received a grant from MIRIAM in the amount of \$20,528, to support his research entitled, “Efficacy of yoga as an alternative therapy for smoking cessation”.

Sara Becker, Department of Psychiatry, has received a grant from NIDA in the amount of \$172,514, to support her research entitled, “”.

Therese Canares, MD, Department of Emergency Medicine, has received a grant from EMERGEMED in the amount of \$8,797, to support her research entitled, “What Constitutes "Urgent Care" for Children? A Qualitative Study”.

Lisa Ganley-Leal, M.D., Ph.D., Department of Pediatrics, has received a grant from NIAID in the amount of \$238,500, to support her research entitled, “The Human B Cell Toll Like Receptor 4 Complex”.

Jonathan Kurtis, M.D., Ph.D., Department of Pathology, has received a grant from NIAID in the amount of \$206,050, to support his research entitled, “Adjuvant and Dose Optimization of Paramyosin based Vaccines for Schistosomiasis”.

Damian Medici, Ph.D., Department of Orthopaedics, has received a grant from NHLBI in the amount of \$373,914, to support his research entitled, “Endothelial Plasticity in Human Disease”.

Timothy Murphy, M.D., Department of Diagnostic Imaging, has received a grant from NHLBI in the amount of \$106,183, to support his research entitled, “Claudication Exercise vs Endoluminal Revascularization”.

Timothy Murphy, M.D., Department of Diagnostic Imaging, has received a grant from NHLBI in the amount of \$270,542, to support his research entitled, “Claudication Exercise vs Endoluminal Revascularization”.

Curt Beckwith, M.D., Department of Medicine, has received a grant from NIDA in the amount of \$116,127, to support his research entitled, “Care Corrections SUPPLEMENT: Technology for Jail HIV/HCV Testing Linkage and Care”.

Dale Bond, PhD, Department of Psychiatry, has received a grant from NIDDK in the amount of \$73,000, to support his research entitled, “A Mobile Health Approach to Reducing Sedentary Time in Bariatric Surgery Patients”.

Charles Carpenter, M.D., Department of Medicine, has received a grant from NIAID in the amount of \$300,000, to support his research entitled, “CFAR Supplement-Mathematical Analysis of Drug Interaction for TB and HIV”.

E. Jane Carter, M.D., Department of Medicine, has received a grant from RIF in the amount of \$15,000, to support her research entitled, “Implementation of GeneXpert for evaluation of TB suspects previously treated for TB in Western Kenya”.

Colleen Kelly, MD, Department of Medicine, has received a grant from NIDDK in the amount of \$236,814, to support her research entitled, “Fecal Bacteriotherapy for Relapsing *Clostridium difficile* infection”.

September 2012

Theresa Senn, Ph.D., Department of Centers for Behavioral Medicine, has received a grant from NIMH in the amount of \$241,742, to support her research entitled, “Development of a Novel HIV Risk Reduction Intervention for Abused Women”.

Daniel Dickstein, M.D., Department of Psychiatry, has received a grant from BROWN in the amount of \$44,699, to support his research entitled, “Research Supplement to Promote Diversity in Health-Related Research to NIMH BRAINS”.

Ronald Seifer, PhD, Department of Psychiatry, has received a grant from RIDH in the amount of \$589,156, to support his research entitled, “Maternal, Infant, and Early Childhood Home Visiting Evaluation”.

Qian Chen, Ph.D., Department of Orthopaedics, has received a grant from NIGMS in the amount of \$417,741, to support his research entitled, “COBRE Administrative Core A”.

Qian Chen, Ph.D., Department of Orthopaedics, has received a grant from NIGMS in the amount of \$700,791, to support his research entitled, “COBRE Molecular Core C”.

Qian Chen, Ph.D., Department of Orthopaedics, has received a grant from NIGMS in the amount of \$237,509, to support his research entitled, “COBRE Project 3: High-yield, Lineage-Specific Enrichment of Living Mesenchymal Stem Cells (Eric Darling, PhD Subcontract: Brown)”.

Braden Fleming, Ph.D., Department of Orthopaedics, has received a grant from LUBRIS in the amount of \$9,996, to support his research entitled, “Lubris ACL Rat”.

Braden Fleming, Ph.D., Department of Orthopaedics, has received a grant from NIGMS in the amount of \$285,995, to support his research entitled, “COBRE Bioengineering Core B”.

Jennifer Freeman, PhD, Department of Psychiatry, has received a grant from DUKE Research Inst. in the amount of \$78,978, to support her research entitled, “SPRITES: Sertraline Pediatric Registry for the Evaluation of Safety”.

Yingjie Guan, MD, PhD, Department of Orthopaedics, has received a grant from NIGMS in the amount of \$287,148, to support his research entitled, “COBRE Project 1: Mechanosomes Essential for Regulating Chondrocyte Differentiation”.

Gregory Jay, M.D., Department of Emergency Medicine, has received a grant from USDOD in the amount of \$556,138, to support his research entitled, “Tribosupplementation with Lubricin in Prevention of Post-Traumatic Arthritis”.

Rami Kantor, M.D., Department of Medicine, has received a grant from STANFORD in the amount of \$76,278, to support his research entitled, “SUPPLEMENT: HIV Drug Resistance in Different Subtypes”.

Adam Levine, Department of Emergency Medicine, has received a grant from FIC in the amount of \$135,773, to support his research entitled, “Assessment of Dehydration in Children with Diarrhea in Resource-Limited Settings”.

James Linakis, M.D., Department of Emergency Medicine, has received a grant from NIAAA in the amount of \$831,720, to support his research entitled, “Teen Alcohol Screening in the Pediatric Emergency Care Applied Research Network”.

Ivaylo Mihaylov, Department of Radiation Therapy, has received a grant from NCI in the amount of \$302,600, to support his research entitled, “Improving Cancer Treatment Outcomes By Physiology”.

Lindsay Orchowski, PhD, Department of Psychiatry, has received a grant from NIAAA in the amount of \$259,473, to support her research entitled, “Integrated Alcohol and Sexual Assault Intervention for College Men”.

Rohan Palmer, Department of Psychiatry, has received a grant from NIAAA in the amount of \$171,104, to support his research entitled, “System Genetics of Alcoholism: Network-based Approaches for Genetic Association”.

Anthony Reginato, M.D., Department of Orthopaedics, has received a grant from NIGMS in the amount of \$263,142, to support his research entitled, “COBRE Project 2: Articular Cartilage Calcification in Osteoarthritis”.

Peter Snyder, PhD, Department of Lifespan Clinical Research Center, has received a grant from WU in the amount of \$54,504, to support his research entitled, “Dominantly Inherited Alzheimer Trials: An Opportunity to Prevent Dementia”.

Jennifer Wolff, PhD, Department of Psychiatry, has received a grant from BROWN in the amount of \$45,263, to support her research entitled, “Adolescents with Major Depression and AUS: Community-based Integrated Treatment”.

Philip Chan, Department of Medicine, has received a grant from CFAR in the amount of \$40,000, to support his research entitled, “Molecular Epidemiology of HIV Transmission Networks between Rhode Island and Massachusetts”.

Brian Chow, Department of Medicine, has received a grant from Thrasher in the amount of \$15,803, to support his research entitled, “Colonization of neonates with *Candida parapsilosis*”.

Lori Scott-Sheldon, Ph.D., Department of Centers for Behavioral Medicine, has received a grant from NIAAA in the amount of \$401,326, to support her research entitled, “Alcohol Consumption and HIV Behavior: Evaluating the Evidence”.

October 2012

Larry Brown, M.D., Department of Psychiatry, has received a grant from NICHD in the amount of \$540,564, to support his research entitled, “A Pilot Gaming Adherence Program for Youth Living with HIV”.

Thomas Chun, M.D., Department of Emergency Medicine, has received a grant from BROWN in the amount of \$2,732, to support his research entitled, “Effects of Topiramate on Adolescent Alcohol Use: Efficacy and Mechanisms”.

Maria Constantinou, M.D., Department of Medicine, has received a grant from BROWN in the amount of \$14,176, to support her research entitled, “BrUOG 275: Low Dose Naltrexone for Metastatic Melanoma Castreate resistant Prostate Cancer and Renal Cancer: Phase II”.

Aris Garro, M.D., Department of Emergency Medicine, has received a grant from EMERGMED in the amount of \$10,243, to support her research entitled, “Fluid Therapy and Cerebral Injury in Pediatric Diabetic Ketoacidosis”.

Valerie Knopik, PhD, Department of Psychiatry, has received a grant from BUTLER in the amount of \$82,812, to support her research entitled, “Multi-method assessment of suicide”.

Peter Kriz, MD, Department of Orthopaedics, has received a grant from RIF in the amount of \$11,996, to support his research entitled, “Concussion in High School Ice Hockey: Disparities

Related to Age, Size, and Physical Maturity”.

John McGeary,, Department of Psychiatry, has received a grant from Binghamton Univ in the amount of \$191,654, to support his research entitled, “Children's Attentional Biases: A Key Component of Negative Valence Systems”.

William Park, PhD, Department of Diagnostic Imaging, has received a grant from RIMI in the amount of \$15,000, to support his research entitled, “A Targeted, Iron-Based MRI Contrast for Tumor Detection and Therapy”.

Rebecca Swenson,, Department of Psychiatry, has received a grant from NIMH in the amount of \$236,996, to support her research entitled, “Community-Based Participatory Research to Develop a School-Based HIV Screening”.

Yihong Wang, M.D., Department of Pathology, has received a grant from AECM in the amount of \$23,697, to support his research entitled, “MicroRNA Expression Profiling of Benign Breast Tissue and Breast”.

Brian Montague,, Department of Medicine, has received a grant from APRI in the amount of \$7,500, to support his research entitled, “Subcontract APRI HIV Prevention Grant 03/30/12”.

Kathleen Morrow, PhD, Department of Centers for Behavioral Medicine, has received a grant from YALE in the amount of \$9,903, to support her

research entitled, “PrEP for HIV Prevention in MSM: Mixed-Methods Study of Behavior & Message Framing”.

Kathleen Morrow, PhD, Department of Centers for Behavioral Medicine, has received a grant from BU in the amount of \$189,935, to support her research entitled, “Monoclonal Antibody-based Multipurpose Microbicides - Project 6B Administrative Supplement”.

Rena Wing, PhD, Department of Psychiatry, has received a grant from VCU in the amount of \$4,209, to support her research entitled, “Recruiting and Retaining Young Adults in Behavioral Weight Loss Treatment”.

November 2012

Daniel Dickstein, M.D., Department of Psychiatry, has received a grant from BROWN in the amount of \$111,428, to support his research entitled, “Intensive Outpatient Protocol for High Risk Suicidal Teens”.

Braden Fleming, Ph.D., Department of Orthopaedics, has received a grant from VANDERBILT in the amount of \$45,982, to support his research entitled, “Prognosis of ACL Reconstruction in Females: A Multicenter cohort study”.

Braden Fleming, Ph.D., Department of Orthopaedics, has received a grant from CHILDRENH in the amount of \$47,495, to support his research entitled, “The Effect of age on functional ACL healing Supplement”.

Elizabeth McQuaid, PhD, Department of Psychiatry, has received a grant from HRA in the amount of \$89,867, to support her research entitled, “New England Asthma Innovations Collaborative (NEAIC)”.

Timothy Flanigan, M.D., Department of Medicine, has received a grant from RIDH in the amount of \$112,537, to support his research entitled, “Ryan White Part B HIV Care Program (Project Bridge)”.

Timothy Flanigan, M.D., Department of Medicine, has received a grant from RIDH in the amount of \$27,159, to support his research entitled, “Ryan White Part B HIV Care Program (Project Bridge)”.

Michelle Lally, M.D., Department of Medicine, has received a grant from

UMASSMEDSCHOOL in the amount of \$101,600, to support her research entitled, “New England AIDS Education Training Center”.

Karen Tashima, M.D., Department of Medicine, has received a grant from Brig&Wom in the amount of \$445, to support her research entitled, “AIDS Clinical Trial Group Network/Supplemental Funds”.

Karen Tashima, M.D., Department of Medicine, has received a grant from MGH in the amount of \$25,647, to support her research entitled, “AIDS Clinical Trials Group - Clinical Research Site”.

December 2012

Henry Sachs, M.D., Department of Psychiatry, has received a grant from RIF in the amount of \$53,500, to support his research entitled, “Primary Care for Adults with Autism Program”.

Jason Hack, M.D., Department of Emergency Medicine, has received a grant from EMERGEMED in the amount of \$38,399, to support his research entitled, “Utility of the H. Intoxication Index (HII) to Evaluate Clinical Impairment in a Variety of Alcohol Intoxicated Patients”.

Kittichai Promrat, M.D., Department of Medicine, has received a grant from BROWN in the amount of \$11,375, to support his research entitled, “A Novel Pharmacotherapy for Alcoholism and Alcohol Liver Disease”.

Nadine Sauer, Department of Pediatrics, has received a grant from Hyundai in the amount of \$75,000, to support her research entitled, “MGMT's Role in Chemotherapy Toxicities in Pediatric Cancer Patients”.

Corey Ventetuolo, MD, MS, Department of Medicine, has received a grant from CHEST Foundation in the amount of \$50,000, to support his research entitled, “The Menstrual Cycle, Angiogenesis, and Right Ventricular Function in Pulmonary Arterial Hypertension: A Case Control Study”.

Jennifer Wolff, PhD, Department of Psychiatry, has received a grant from BROWN in the amount of \$51,728, to support her research entitled, “Intensive Outpatient Protocol for High Risk Suicidal Teens”.

Peng Zhang, M.D., Department of Medicine, has received a grant from AHA in the amount of \$77,000, to support his research entitled, “Regulation of Cardiac Fibroblast Function by miRNAs (AHA-National Center)”.

Shira Dunsiger, Department of Centers for Behavioral Medicine, has received a grant from UNIV MINN in the amount of \$25,000, to support her research entitled, “Effect of Exercise and Wellness Interventions on Preventing Postpartum Depression”.

Rami Kantor, M.D., Department of Medicine, has received a grant from NIAID in the amount of \$12,500, to support his research entitled, “A Point of Care Platform for HIV Drug Resistance (Tripathi CFAR Developmental)”.

Jennifer Walsh, Ph.D., Department of Centers for Behavioral Medicine, has received a grant from NIMH in the amount of \$162,449, to support her research entitled, “Integrative Data Analysis of HIV Prevention Trials”.

Rena Wing, PhD, Department of Psychiatry, has received a grant from CAL POLY in the amount of \$39,074, to support her research entitled, “Preventing Excessive Gestational Weight Gain in Obese Women-Supplement #1”.

Rena Wing, PhD, Department of Psychiatry, has received a grant from TEMPLE in the amount of \$62,170, to support her research entitled, “Sleep Disordered Breathing and Sleep

Architecture in Obesity and Type 2 Diabetes”.

Rena Wing, PhD, Department of Psychiatry, has received a grant from CAL POLY in the amount of \$25,000, to support her research entitled, “Preventing Excessive Gestational Weight Gain in Obese Women- Supplement #2”.

Nick Zaller, PhD, Department of Medicine, has received a grant from BROWN in the amount of \$108,882, to support his research entitled, “Sexual Minority Population Research Core”.
