

January 2008

Jason Aliotta, M.D., Department of Medicine, has received a grant from NHLBI in the amount of \$126,873, to support the research entitled, “Injured Lung and its Influence on Bone Marrow Cell Phenotype”.

Alfred Ayala, PhD, Department of Surgery, has received a grant from NHLBI in the amount of \$384,750, to support the research entitled, “Regulatory Mechanisms of Acute Lung Injury: Phagocyte Apoptosis”.

David Dosa, MD, MPH, Department of Medicine, has received a grant from BROWN in the amount of \$26,400, to support the research entitled, “Evaluation of the "Reducing Potentially Preventable Transfers at End of Life" Project”.

Rujun Gong, MD, PhD, Department of Medicine, has received a grant from RIF in the amount of \$10,000, to support the research entitled, “Role of glycogen synthase kinase 3B in pathogenesis of inflammatory kidney disease”.

Wendy Hadley, Ph.D., Department of Psychiatry, has received a grant from CFAR in the amount of \$40,000, to support the research entitled, “HIV Prevention Among Young Adolescents: Targeting Improved Parental Monitoring-CFAR Developmental, 2007”.

Susie Hu, M.D., Department of Medicine, has received a grant from RIF in the amount of \$10,000, to support the research entitled, “Impact of Subclinical Chronic Kidney Disease and Progression on Cardiovascular Disease Outcomes”.

Rebecca McEachern, MD, Department of Pediatrics, has received a grant from MGH in the amount of \$21,625, to support the research entitled, “Treatment Options for Type 2 Diabetes in Adolescents and Youth (TODAY)”.

Cynthia Rosengard, Ph.D., Department of Medicine, has received a grant from NIDA in the amount of \$8,084, to support the research entitled, “Partner-Specific HIV Risk Reduction for Drug Using Incarcerated Adolescents”.

Haiyan Xu, M.D., Ph.D., Department of Medicine, has received a grant from AHA in the amount of \$77,000, to support the research entitled, “Mechanism and Consequence of Obesity-Related Adipose Tissue Macrophage Infiltration”.

Rami Kantor, M.D., Department of Medicine, has received a grant from RIF in the amount of \$10,000, to support the research entitled, “HIV Diversity and Drug Resistance in Western Kenya”.

Kathleen Morrow, PhD, Department of Centers for Behavioral Medicine, has received a grant from RIH in the amount of \$8,520, to support the research entitled, “Affect Management Intervention for Early Adolescents with Mental Health Problems”.

Josiah Rich,, Department of Medicine, has received a grant from NIDA in the amount of \$70,200, to support the research entitled, “Opiate Replacement Therapy at Release From Incarceration”.

Lynn Taylor, M.D., Department of Medicine, has received a grant from RIH in the amount of \$99,611, to support the research entitled, “Stabilize Addiction/Affect, Begin Interferon in Inmates with Hepatitis C of Liver”.

February 2008

Mary Carskadon, PhD, Department of Psychiatry, has received a grant from NIMH in the amount of \$604,514, to support the research entitled, “Intrinsic Circadian Period: Development, Delayed Phase, and Genetic Associations”.

support the research entitled, “Endothelial mechanisms of depression in heart disease”.

Alfred Ayala, PhD, Department of Surgery, has received a grant from NIGMS in the amount of \$51,834, to support the research entitled, “Programmed Cell Death: Role in Septic Immune Dysfunction”.

Susan Kiene, PhD, Department of Medicine, has received a grant from RIF in the amount of \$10,000, to support the research entitled, “Dynamics of Risky and Safer Sexual Behavior among Couples in Rural Uganda”.

Carol Lewis, MD, Department of Pediatrics, has received a grant from AAP in the amount of \$10,880, to support the research entitled, “Medical Home for Refugee Families”.

Marina Tolou-Shams, Ph.D., Department of Psychiatry, has received a grant from NIDA in the amount of \$154,285, to support the research entitled, “HIV Prevention in the Family Drug Court”.

Kenneth Mayer, M.D., Department of Medicine, has received a grant from FIC in the amount of \$2,788, to support the research entitled, “AIDS International Training Program”.

Jeanne McCaffery, Ph.D., Department of Psychiatry, has received a grant from BROWN in the amount of \$20,000, to

March 2008

Mary Carskadon, PhD, Department of Psychiatry, has received a grant from NIMH in the amount of \$35,899, to support the research entitled, “Intrinsic Circadian Period: Development, Delayed Phase, and Genetic Associations”.

Jeffrey Hunt, M.D., Department of Psychiatry, has received a grant from BUTLER in the amount of \$8,783, to support the research entitled, “Motivational Interviewing for teen Substance Abuse with Psychiatric Comorbidity”.

Christie Rizzo, Ph.D., Department of Psychiatry, has received a grant from RIH in the amount of \$45,472, to support the research entitled, “A Multilevel HIV-Prevention Strategy for High-Risk Youth”.

Jose Behar, M.D., Department of Medicine, has received a grant from NIDDK in the amount of \$46,259, to support the research entitled, “Role of Progesterone in Colonic Muscle Dysfunction”.

Jessica Edwards George, Department of Psychiatry, has received a grant from CSA in the amount of \$5,400, to support the research entitled, “Psychosocial and Behavioral Factors of Gluten-Free Diet Adherence in Children with Celiac Disease”.

Leslie Gordon, M.D., Ph.D., Department of Pediatrics, has received a grant from PROGERIA in the amount of \$145,094, to support the research entitled, “Progeria Research Projects”.

Philip Gruppuso, M.D., Department of Pediatrics, has received a grant from NICHD in the amount of \$41,397, to support the research entitled, “Nutritional Regulation of Fetal Liver Development”.

Deborah Gutman, M.D., Department of Emergency Medicine, has received a grant from AAMC in the amount of \$24,931, to support the research entitled, “A Longitudinal Curriculum in Public Health for Emergency Medicine Residents”.

Gideon Koren, MD, Department of Medicine, has received a grant from NHLBI in the amount of \$71,113, to support the research entitled, “Assembly and Trafficking of Cardiac K⁺ Channels”.

Daniel Levine, M.D., Department of Medicine, has received a grant from UMASS in the amount of \$70,312, to support the research entitled, “Observational Study of Delay in Heart Failure”.

Mitchell Levy, M.D., Department of Medicine, has received a grant from BectonDickin in the amount of \$210,000, to support the research entitled, “Case Control Study to Collect Plasma and Whole Blood from ICU Patients at Risk for Sepsis to Validate Markers for the Prediction or Detection of Sepsis”.

Steven Moss, M.D., Department of Medicine, has received a grant from NCI in the amount of \$23,085, to support the research entitled, “Gastric cancer

induced by H. pylori in p27-deficient mice”.

Bharat Ramratnam, M.D., Department of Medicine, has received a grant from UPITT in the amount of \$16,279, to support the research entitled, “LAB Secreting CV-N as a Microbicide”.

Leah Holmes, LICSW, Department of Medicine, has received a grant from RIDH in the amount of \$13,405, to support the research entitled, “Integrated HIV and Viral Hepatitis Prevention”.

Jeanne McCaffery, Ph.D., Department of Psychiatry, has received a grant from UMO-St. LOUIS in the amount of \$16,723, to support the research entitled, “Neuromarkers of Age-Related Cognitive Decline”.

Rena Wing, PhD, Department of Psychiatry, has received a grant from ABA in the amount of \$50,000, to support the research entitled, “Beverage consumption in successful weight losers”.

April 2008

Alexis Devine,, Department of LIFESPAN, has received a grant from RIDL&T in the amount of \$49,248, to support the research entitled, “Lifespan Summer Youth Employment Program”.

Alexis Devine,, Department of LIFESPAN, has received a grant from WORKFORCE in the amount of \$79,985, to support the research entitled, “Lifespan Summer Youth Employment Program”.

Jennifer Friedman, M.D., Department of Pediatrics, has received a grant from NIAID in the amount of \$104,490, to support the research entitled, “Mechanisms mediating adverse birth outcomes in the context of S japonicum infection - K02 AI077708-01”.

Gregory Jay, M.D., Department of Emergency Medicine, has received a grant from NIH in the amount of \$195,559, to support the research entitled, “Restitution of Lubrication in ACL Deficient Joints Preventing Wear”.

Lynn McNicoll, M.D., Department of Medicine, has received a grant from BROWN in the amount of \$5,000, to support the research entitled, “Hospital Outcomes of Nursing Home Residents Admitted to ICUs”.

Selim Suner, M.D., Department of Emergency Medicine, has received a grant from BROWN in the amount of \$34,611, to support the research entitled, “Rapid and Noninvasive Hemoglobin Determination Using Compact Liquid Crystal Optical Sensors”.

Shuping Tong, M.D., Department of Medicine, has received a grant from NCI in the amount of \$145,789, to support the research entitled, “Hepatitis B virus immune escape mutants”.

Ronald Cohen, PhD, Department of Centers for Behavioral Medicine, has received a grant from BROWN in the amount of \$9,628, to support the research entitled, “Imaging Individual Differences in Amphetamine Effects”.

William Sikov, M.D., Department of Medicine, has received a grant from WIH-RI in the amount of \$28,000, to support the research entitled, “A Phase II Study of Adjuvant Gemcitabine/Capcitabine/Bevacizumab for Patients Treated Neoadjuvantly for Early Stage Breast Cancer with High Risk for Relapse” (BrUOG 213).”.

May 2008

Timothy Flanigan, M.D., Department of Medicine, has received a grant from BROWN in the amount of \$23,220, to support the research entitled, "Planning Grant for the Brown Institute for Clinical and Translational Science".

Susan Kiene, PhD, Department of Medicine, has received a grant from NIMH in the amount of \$153,593, to support the research entitled, "Client-Centered Counseling During Routine/Opt-Out HIV-Testing in Uganda".

Ulrike Mende, M.D., Department of Medicine, has received a grant from AHA in the amount of \$5,000, to support the research entitled, "Advancing Existing Cell Culture Models to Study Cardiac Myocyte and Fibroblast Behavior in Vitro".

Gerald Silverberg, M.D., Department of Neurosurgery, has received a grant from NEUROSURGERY in the amount of \$250,000, to support the research entitled, "Aging and Age-Related Dementias".

Wentian Yang, PhD, Department of Orthopaedics, has received a grant from PEDORTHO in the amount of \$40,000, to support the research entitled, "Protein Tyrosine Phosphatase Shp2 in Osteoclastogenesis and Bone Remodeling".

Yvette Yatchmink, MD, PhD, Department of Pediatrics, has received a grant from WIH-RI in the amount of \$20,149, to support the research entitled, "NICU to Primary Care Provider Specialized Transition Care Program for

high risk Very Low Birth Weight infants with Special health care needs".

Zhu Zhang, Department of Medicine, has received a grant from BROWN in the amount of \$25,657, to support the research entitled, "Role of Heparin-Binding Epidermal Growth Factor in Renal Cell Proliferation".

Bess Marcus, PhD, Department of Centers for Behavioral Medicine, has received a grant from NIDA in the amount of \$89,280, to support the research entitled, "Using a YMCA Exercise Program to Enhance Nicotine Dependence Treatment for Women".

June 2008

Jeffrey Hunt, M.D., Department of Psychiatry, has received a grant from BROWN in the amount of \$34,152, to support the research entitled, "Course and Outcome of Bipolar Youth".

Roy Aaron, M.D., Department of Orthopaedics, has received a grant from BROWN in the amount of \$49,356, to support the research entitled, "PTSD in Limb Trauma and Recovery".

Richard Besdine, M.D., Department of Medicine, has received a grant from HARTFORD in the amount of \$150,000, to support the research entitled, "Center of Excellence in Geriatric Medicine and Training at Brown".

Deborah McK. Ciombor, Ph.D., Department of Orthopaedics, has received a grant from DVA in the amount of \$120,012, to support the research entitled, "Center of Restorative and Regenerative Medicine #A3772C".

Jonathan Reichner, PhD, Department of Surgery, has received a grant from NIAID in the amount of \$240,088, to support the research entitled, "Neutrophil Mechanosensing".

Cynthia Rosengard, Ph.D., Department of Medicine, has received a grant from NIDA in the amount of \$279,197, to support the research entitled, "Partner-Specific HIV Risk Reduction for Drug Using Incarcerated Adolescents".

E. Jane Carter, M.D., Department of Medicine, has received a grant from INDIANAU in the amount of \$41,925, to support the research entitled,

"AMPATH, controlling and preventing HIV/AIDS in western Kenya".

Michelle Lally, M.D., Department of Medicine, has received a grant from ALABAMA in the amount of \$27,540, to support the research entitled, "ATN Coordination Center".

Lynn Taylor, M.D., Department of Medicine, has received a grant from NIDA in the amount of \$179,212, to support the research entitled, "Buprenorphine as a Bridge to HCV Treatment for HIV/HCV Coinfected Opioid Users".

July 2008

Daniel Dickstein, M.D., Department of Psychiatry, has received a grant from RIH in the amount of \$753, to support the research entitled, "Treatment of Pediatric OCD: Augmentation of Partial Response".

Daniel Dickstein, M.D., Department of Psychiatry, has received a grant from RIH in the amount of \$502, to support the research entitled, "Family Based Treatment of Early Childhood OCD".

Ronald Seifer, PhD, Department of Psychiatry, has received a grant from RIH in the amount of \$6,957, to support the research entitled, "Affect Management Intervention for Early Adolescents with Mental Health Problems (sub from Houck)".

Ronald Seifer, PhD, Department of Psychiatry, has received a grant from NIH in the amount of \$8,563, to support the research entitled, "Sibling Support of Pediatric Diabetes Self-Management".

Theodore Blaine,, Department of Orthopaedics, has received a grant from OREF in the amount of \$50,000, to support the research entitled, "Chemokine Expression and Regulation in Subacromial Bursitis and Rotator Cuff Disease".

Devasis Chatterjee, Ph.D., Department of Medicine, has received a grant from USDOD in the amount of \$115,425, to support the research entitled, "Evaluation of RKIP as an anti-Oncogene in Breast Cancer".

Barbara Jandasek,, Department of Psychiatry, has received a grant from NHLBI in the amount of \$45,056, to support the research entitled, "Adolescent-Parent-Provider Communication in Latinos with Asthma".

Jonathan Reichner, PhD, Department of Surgery, has received a grant from NIGMS in the amount of \$292,708, to support the research entitled, "Effect of Neutrophil Priming on Chemotaxis and Signaling".

Nick Zaller, PhD, Department of Medicine, has received a grant from NIAID in the amount of \$40,000, to support the research entitled, "Pharmacies Helping to Implement AIDS Reduction Measures: Project Pharm".

August 2008

Roy Aaron, M.D., Department of Orthopaedics, has received a grant from NIAMS in the amount of \$157,989, to support the research entitled, “Physicochemical Signaling in Osteoarthritis”.

James Butera, M.D., Department of Medicine, has received a grant from MGI in the amount of \$55,320, to support the research entitled, “[MAIN] A Phase II Study with Decitabine, Low Dose Cytarabine and G-CSf in High-risk Myelodysplastic Syndromes, Refractory Acute Myeloid Leukemia or Acute Myeloid Leukemia in Patients w/Significant Co-morbidities”.

James Butera, M.D., Department of Medicine, has received a grant from MGI in the amount of \$, to support the research entitled, “[SITE] A Phase II Study with Decitabine, Low Dose Cytarabine and G-CSf in High-risk Myelodysplastic Syndromes, Refractory Acute Myeloid Leukemia or Acute Myeloid Leukemia in Patients w/Significant Co-morbidities”.

Gregory Fritz, M.D., Department of Psychiatry, has received a grant from NHLBI in the amount of \$77,000, to support the research entitled, “Pediatric Disparities: Perception and Management”.

Pamela High, M.D., Department of Pediatrics, has received a grant from HRSA in the amount of \$142,467, to support the research entitled, “Brown Leadership ED: Developmental-Behavioral Pediatrics”.

Robyn Mehlenbeck, PhD, Department of Psychiatry, has received a grant from MIRIAM in the amount of \$1,400, to support the research entitled, “Peer Enhanced Intervention to Support Teen Weight Loss”.

Edward Stopa, M.D., Department of Pathology, has received a grant from WIH-RI in the amount of \$13,455, to support the research entitled, “Cytokines and the Blood-Brain Barrier”.

Beth Bock, PhD, Department of Centers for Behavioral Medicine, has received a grant from UMDNJ in the amount of \$82,566, to support the research entitled, “The Sentinel Events Model: A Dynamic Model of Substance Use Cessation”.

Belinda Borrelli, PhD, Department of Centers for Behavioral Medicine, has received a grant from JOHNSHOPKINS in the amount of \$45,773, to support the research entitled, “Motivating Improved Self-Management Among Older Teens & Adults with CF”.

Timothy Flanigan, M.D., Department of Medicine, has received a grant from NIMH in the amount of \$228,875, to support the research entitled, “The Brown Initiative for HIV and AIDS clinical Research for Minority Communities”.

Tricia Leahey, Department of Psychiatry, has received a grant from NIDDK in the amount of \$49,346, to support the research entitled, “A Social Comparizon Intervention to Enhance Weight Loss in Obese Individuals”.

Jeanne McCaffery, Ph.D., Department of Psychiatry, has received a grant from UPITT in the amount of \$11,436, to support the research entitled, “Biobehavioral studies of cardiovascular disease”.

Josiah Rich,, Department of Medicine, has received a grant from NIDA in the amount of \$161,973, to support the research entitled, “Midcareer Investigation Award in Patient Oriented Research (k24)”.

Laura Stroud, PhD, Department of Centers for Behavioral Medicine, has received a grant from WIH-RI in the amount of \$22,981, to support the research entitled, “Fetal and Neonatal Neurobehavioral and Prenatal Antidepressant Exposure”.

Laura Stroud, PhD, Department of Centers for Behavioral Medicine, has received a grant from NSF in the amount of \$28,800, to support the research entitled, “Stress Response & the Adolescent Transition”.

September 2008

Bruce Becker, M.D., Department of Emergency Medicine, has received a grant from UMDNJ in the amount of \$15,934, to support the research entitled, “The Sentinel Events Model: A Dynamic Model of Substance Use Cessation”.

Adam Chodobski, PhD, Department of Emergency Medicine, has received a grant from NINDS in the amount of \$50,000, to support the research entitled, “Role of the BBB and Choroid Plexus in VP-mediated Edema”.

Suzanne de la Monte, M.D., Department of Medicine, has received a grant from NIAAA in the amount of \$311,648, to support the research entitled, “Ethanol, Insulin/IGF Signaling and Neuronal Migration”.

Edward Filardo, PhD, Department of Medicine, has received a grant from NCI in the amount of \$6,530, to support the research entitled, “Study of GPR30: a novel estrogen receptor linked to breast cancer”.

Peter Friedmann, M.D., Department of Medicine, has received a grant from NIDA in the amount of \$355,583, to support the research entitled, “Treatment Enhancement Study of Opioid Addiction Using Depot Naltrexone”.

Jonathan Kurtis, M.D., Ph.D., Department of Pathology, has received a grant from NIAID in the amount of \$545,102, to support the research entitled, “Targeted Vaccine Development for Pediatric Falciparum Malaria”.

James Rayner, M.D., Department of Emergency Medicine, has received a grant from EMERGMED in the amount of \$40,000, to support the research entitled, “To Investigate the Effectiveness of Lubricin Coating for Bacteriostasis”.

Mark Schleinitz, M.D., Department of Medicine, has received a grant from BROWN in the amount of \$13,350, to support the research entitled, “Impact of State Medicaid Policy Changes on Nursing Home Hospitalization”.

Mark Schleinitz, M.D., Department of Medicine, has received a grant from BROWN in the amount of \$7,500, to support the research entitled, “State Policies and Health Systems Factors associated with Multiple Transitions”.

Nathan Siegel, M.D., Department of Emergency Medicine, has received a grant from EMERGMED in the amount of \$39,010, to support the research entitled, “Task Analysis of Nurses' Actions During Resuscitations”.

Charles Carpenter, M.D., Department of Medicine, has received a grant from NIAID in the amount of \$40,000, to support the research entitled, “Lifespan/Tufts/Brown Center for AIDS Research (CFAR)”.

Joseph Ciccolo, Ph.D., Department of Centers for Behavioral Medicine, has received a grant from NCI in the amount of \$76,206, to support the research entitled, “Resistance Training as an Aid to Standard Smoking CessationTreatment”.

Carolyn Rabin, PhD, Department of Centers for Behavioral Medicine, has received a grant from NCI in the amount of \$80,531, to support the research entitled, “Web-based Physical Activity Intervention for Young Adult Cancer Survivors”.

Eva Serber, Department of Centers for Behavioral Medicine, has received a grant from NHLBI in the amount of \$221,841, to support the research entitled, “Cardiac Autonomic Regulation Enhancement Through Exercise (CARE-E) Trial”.

Laura Stroud, PhD, Department of Centers for Behavioral Medicine, has received a grant from BROWN in the amount of \$20,000, to support the research entitled, “Prenatal Conditions and Postnatal Environments: Impact on Future Economic Status”.

Laura Stroud, PhD, Department of Centers for Behavioral Medicine, has received a grant from NIDA in the amount of \$19,064, to support the research entitled, “Prenatal Smoking, Fetal Behavior & Infant Withdrawal-Diversity Supplement (Yaa Serwah Frimpong)”.

October 2008

Deborah McK. Ciombor, Ph.D., Department of Orthopaedics, has received a grant from VAH in the amount of \$2,258, to support the research entitled, “VA Yuexin Ren Support - Assignment Agreement”.

Jennifer Friedman, M.D., Department of Pediatrics, has received a grant from NIAID in the amount of \$263,249, to support the research entitled, “Pharmacokinetic Study of Praziquantel during Pregnancy”.

Robert Klein, M.D., Department of Pediatrics, has received a grant from RIDH in the amount of \$24,543, to support the research entitled, “Asthma Clinical Care Program”.

Ulrike Mende, M.D., Department of Medicine, has received a grant from WIH-RI in the amount of \$22,864, to support the research entitled, “COBRE for Perinatal Biology”.

Chanika Phornphutkul, M.D., Ph.D., Department of Pediatrics, has received a grant from UNH in the amount of \$32,000, to support the research entitled, “Thyroid Dysfunction: Long Term Follow-up of Very Low Birth Weight (VLBW) and Extremely Low Birth Weight (ELBW) Infants New England Genetics Collaborative”.

Cindy Schwartz, M.D., Department of Pediatrics, has received a grant from ST. JUDE in the amount of \$6,500, to support the research entitled, “A Study of Rasburicase Treatment for Chemotherapy or Malignancy - Induced

Hyperuricemia in Patients With a History of Asthma or Allergies”.

Barry Sharaf, M.D., Department of Medicine, has received a grant from YALE in the amount of \$8,500, to support the research entitled, “Variation in Recovery: Role of Gender on Outcomes of Young Acute Myocardial Infarction Patients”.

John Susa, PhD, Department of Pediatrics, has received a grant from RIC in the amount of \$60,543, to support the research entitled, “UAP Family Support Project - Agreement Number 8000033609”.

Uraina Clark,, Department of Centers for Behavioral Medicine, has received a grant from MSSM in the amount of \$25,000, to support the research entitled, “The Mount Sinai Institute for NeuroAIDS Disparities (MSINAD)”.

Leah Holmes, LICSW, Department of Medicine, has received a grant from RIDH in the amount of \$4,410, to support the research entitled, “Integrated HIV and Viral Hepatitis Prevention”.

Josiah Rich, M.D., Department of Medicine, has received a grant from HRSA in the amount of \$79,640, to support the research entitled, “Ryan White Part C: Capacity Development”.

November 2008

Daniel Dickstein, M.D., Department of Psychiatry, has received a grant from BROWN in the amount of \$11,000, to support the research entitled, "Cognitive Flexibility in Autism Spectrum Disorders".

Theodore Blaine, MD, Department of Orthopaedics, has received a grant from OREF in the amount of \$25,001, to support the research entitled, "Chemokine Expression and Regulation in Subacromial Bursitis and Rotator Cuff Disease".

Joseph J. Crisco, Ph.D., Department of Orthopaedics, has received a grant from NCAA in the amount of \$19,855, to support the research entitled, "Head Impact Mechanism in Women's Ice Hockey".

Braden Fleming, Ph.D., Department of Orthopaedics, has received a grant from NFL in the amount of \$124,985, to support the research entitled, "ACL Reconstruction using Biologically Enhanced Patellar Tendon Allograft".

Wendy Hadley, Ph.D., Department of Psychiatry, has received a grant from MEE PRODUCTIONS in the amount of \$15,077, to support the research entitled, "Family-Based HIV Prevention: An Interactive DVD".

Robert Klein, M.D., Department of Pediatrics, has received a grant from RIDH in the amount of \$12,020, to support the research entitled, "RIH Community Asthma Program - CAP".

Kathleen McCarten, Department of Diagnostic Imaging, has received a grant from NCCF in the amount of \$11,476, to support the research entitled, "Cure Search NCCF".

Paula Most, Department of Pediatrics, has received a grant from RISCA in the amount of \$5,000, to support the research entitled, "Underwater Art in the Center for Pediatric Imaging".

Chanika Phornphutkul, M.D., Ph.D., Department of Pediatrics, has received a grant from BioMarin in the amount of \$9,000, to support the research entitled, "PKUDOS- PKU Demographics, Outcomes and Safety Registry".

Susan Cu-Uvin, M.D., Department of Medicine, has received a grant from BROWN in the amount of \$22,000, to support the research entitled, "Framework Programs for Global Health".

December 2008

Mary Carskadon, PhD, Department of Psychiatry, has received a grant from NIMH in the amount of \$573,873, to support his research entitled, “Prospective Study of Depressed Mood, Short Sleep and Serotonergic Genes”.

Jorge Albina, M.D., Department of Surgery, has received a grant from UPENN in the amount of \$4,000, to support his research entitled, “Patient Outcomes of Stopping Teduglutide Study”.

Elizabeth Dufort, Department of Pediatrics, has received a grant from FRIENDSHIP in the amount of \$2,000, to support his research entitled, “Evaluation of HIV drug resistance prevalence and subsequent treatment outcomes in HIV infected children after a period of crisis in Western Kenya”.

Patricia Flanagan, M.D., Department of Pediatrics, has received a grant from IMAP in the amount of \$25,000, to support his research entitled, “IMAP grant Advocating for Child Health in the Community”.

W. Curt LaFrance, M.D., Department of Psychiatry, has received a grant from EPILEPSY in the amount of \$50,000, to support his research entitled, “Treatment Trail for Psychogenic Nonepileptic Seizures”.

Christine Ryan, PhD, Department of Psychiatry, has received a grant from FiranFound in the amount of \$55,753, to support his research entitled, “Family Functioning in the Community”.

Ronald Cohen, PhD, Department of Centers for Behavioral Medicine, has received a grant from KENT in the amount of \$30,734, to support his research entitled, “Cognitive Benefits of Cardiac Rehabilitation in Heart Failure”.

Jason Hassenstab, PhD, Department of Centers for Behavioral Medicine, has received a grant from NIDDK in the amount of \$45,566, to support his research entitled, “An fMRI Study of Verbal Working Memory in Metabolic Syndrome”.

Kenneth Mayer, M.D., Department of Medicine, has received a grant from MGH in the amount of \$45,028, to support his research entitled, “Optimizing HIV Care in Less Developed Countries”.

Anthony Mega, M.D., Department of Medicine, has received a grant from BROWN in the amount of \$15,000, to support his research entitled, “8 Week Plant-based Mediterranean Diet as Prevention of Metabolic Syndrome in Men Undergoing Androgen Deprivation for Prostate Cancer: A BrUOG Pilot Study”.

Carolyn Rabin, PhD, Department of Centers for Behavioral Medicine, has received a grant from ACS in the amount of \$145,295, to support his research entitled, “Exercise and Relaxation Intervention for Young Adult Cancer Survivors”.

Josiah Rich, M.D., Department of Medicine, has received a grant from OPEN SOCIETY in the amount of \$200,000, to support his research

entitled, “Closing the Addiction Treatment Gap Initiative”.

Joseph Sweeney, M.D., Department of Pathology, has received a grant from PALL in the amount of \$185,425, to support his research entitled, “In vitro evaluation of platelets suspended in either plasma or PAS-G additive solution”.
