

January 2009

Stephanie Shepard,, Department of Psychiatry, has received a grant from DHHS in the amount of \$139,669, to support his research entitled, “Engaging Low-Income Caregivers in Preventive Interventions for Conduct Problems”.

Alfred Ayala, PhD, Department of Surgery, has received a grant from NIGMS in the amount of \$323,461, to support his research entitled, “Differential effects of sepsis on immune cell function”.

Suzanne de la Monte, M.D., Department of Medicine, has received a grant from NIAAA in the amount of \$311,699, to support his research entitled, “Effects of Ethanol on Insulin Signaling in the Brain”.

Loren Fast, PhD, Department of Medicine, has received a grant from CaridianBCT in the amount of \$58,450, to support his research entitled, “WBC Function Following Gen3 Platelet Treatment”.

Susan Kiene, PhD, Department of Medicine, has received a grant from WIH-RI in the amount of \$20,000, to support his research entitled, “Involving male partners in antenatal services to increase HIV-testing and family planning usage in rural Uganda”.

Roland Merchant, MD, Department of Emergency Medicine, has received a grant from MIRIAM in the amount of \$40,000, to support his research entitled, “Confluence of HIV Risk Behaviors and Drug Misuse Among Rhode Island Hospital Emergency Department Patients”.

Haiyan Xu, M.D., Ph.D., Department of Medicine, has received a grant from NIDDK in the amount of \$289,939, to support his research entitled, “MAP Kinase Phosphatase 3 (MKP-3) and Obesity-related Gluconeogenesis”.

Haiyan Xu, M.D., Ph.D., Department of Medicine, has received a grant from BROWN in the amount of \$15,000, to support his research entitled, “Obesity and Inflammation”.

Beth Bock, PhD, Department of Centers for Behavioral Medicine, has received a grant from BROWN in the amount of \$11,309, to support his research entitled, “Seamos Activas: Increasing Activity Among Latinas”.

Belinda Borrelli, PhD, Department of Centers for Behavioral Medicine, has received a grant from BU in the amount of \$136,791, to support his research entitled, “Center for Research to Evaluate & Eliminate Dental Disparities (CREDD)”.

Chantelle Hart, PhD, Department of Psychiatry, has received a grant from ADA in the amount of \$124,166, to support his research entitled, “Sleep Duration and Pediatric Overweight: The Role of Eating Behaviors”.

Jeanne McCaffery, Ph.D., Department of Psychiatry, has received a grant from BU in the amount of \$16,612, to support his research entitled, “The VETSA Longitudinal Twin Study of Cognition and Aging”.

Bernardine Pinto, Ph.D., Department of Centers for Behavioral Medicine, has

received a grant from NCI in the amount of \$399,472, to support his research entitled, “Community Volunteers Promoting Physical Activity Among Cancer Survivors”.

Rena Wing, PhD, Department of Psychiatry, has received a grant from NIDDK in the amount of \$102,734, to support his research entitled, “Prevention of Postpartum Weight Retention”.

February 2009

Loren Fast, PhD, Department of Medicine, has received a grant from CaridianBCT in the amount of \$26,063, to support his research entitled, “WBC Function Following Gen3 Platelet Treatment”.

Rami Kantor, M.D., Department of Medicine, has received a grant from FRIENDSHIP in the amount of \$4,200, to support his research entitled, “Evaluation of HIV Treatment Failure and Drug Resistance in Western Kenya after a Period of Crisis”.

Keiko Tarquinio, Department of Pediatrics, has received a grant from RISCIENCE in the amount of \$200,000, to support his research entitled, “Decreasing bacterial adhesion to medical devices through nanotechnology to prevent nosocomial infection”.

Evgeny Yakirevich, M.D., Department of Pathology, has received a grant from RIF in the amount of \$15,000, to support his research entitled, “Expression of Glucocorticoid Receptors in Renal Cell Carcinoma: Implications for Tumor Proliferation, Death and Angiogenesis”.

Zhenglong Yuan, Department of Surgery, has received a grant from RIF in the amount of \$15,000, to support his research entitled, “Role of sirT1 in obesity mediated breast cancer”.

Beth Bock, PhD, Department of Centers for Behavioral Medicine, has received a grant from UMDNJ in the amount of \$25,000, to support his research entitled,

“The Sentinel Events Model: A Dynamic Model of Substance Use Cessation”.

Timothy Flanigan, M.D., Department of Medicine, has received a grant from TUFTS in the amount of \$57,663, to support his research entitled, “Center for Metabolic Research on HIV and Drug Use”.

Lynn Taylor, M.D., Department of Medicine, has received a grant from TUFTS in the amount of \$7,181, to support his research entitled, “Tufts Nutrition Collaborative Center for Drug Abuse and AIDS Research, Core G Subcontract”.

Rena Wing, PhD, Department of Psychiatry, has received a grant from NIDDK in the amount of \$1,440, to support his research entitled, “Prevention of Postpartum Weight Retention”.

March 2009

Mary Carskadon, PhD, Department of Psychiatry, has received a grant from RENSS in the amount of \$20,250, to support his research entitled, “Quantifying the Impact of Daylight and Electric Lighting on Student Alertness, Performance and Well-Being in K-12 Schools”.

Ronald Seifer, PhD, Department of Psychiatry, has received a grant from RIH in the amount of \$16,000, to support his research entitled, “Pediatric Asthma Disparities: Perceptions and Management (Subcontract from RIH-Fritz)”.

Ronald Seifer, PhD, Department of Psychiatry, has received a grant from UMASS in the amount of \$9,022, to support his research entitled, “Emotional and Cortisol Differences Associated with Context Inappropriate Anger”.

Ronald Seifer, PhD, Department of Psychiatry, has received a grant from RikidsCount in the amount of \$102,049, to support his research entitled, “Nurse-Family Partnership - Rhode Island”.

John O'Reilly, Department of LIFESPAN, has received a grant from RIEMA in the amount of \$74,391, to support his research entitled, “Urban Areas Security Initiative Non-Profit Security Grant”.

Peter Friedmann, M.D., Department of Medicine, has received a grant from NIDA in the amount of \$656,423, to support his research entitled, “Continuum of Care for Drug-Involved Offenders”.

Stephen Gregory, PhD, Department of Medicine, has received a grant from NIDDK in the amount of \$25,692, to support his research entitled, “Neutrophil-macrophage Interactions Govern Liver Immunity”.

Wendy Hadley, Ph.D., Department of Psychiatry, has received a grant from GEOREGEMASON in the amount of \$19,282, to support his research entitled, “Alcohol, Suicide, and HIV Prevention for Teens in Mental Health Treatment”.

Gideon Koren, MD, Department of Medicine, has received a grant from NHLBI in the amount of \$568,068, to support his research entitled, “Sex Hormones and Cardiac Arrhythmia in Transgenic LQT2 Rabbits”.

Ji-Su Li, M.D., PhD, Department of Medicine, has received a grant from NCI in the amount of \$21,405, to support his research entitled, “Molecular Target(s) for Interruption of Hepadnavirus Infection”.

Haiyan Xu, M.D., Ph.D., Department of Medicine, has received a grant from NIDDK in the amount of \$22,296, to support his research entitled, “MAP Kinase Phosphatase 3 (MKP-3) and Obesity-related Gluconeogenesis”.

Haiyan Xu, M.D., Ph.D., Department of Medicine, has received a grant from NIDDK in the amount of \$289,939, to support his research entitled, “MAP Kinase Phosphatase 3 (MKP-3) and Obesity-related Gluconeogenesis”.

Haiyan Xu, M.D., Ph.D., Department of Medicine, has received a grant from

NIDDK in the amount of \$44,513, to support his research entitled, “MAP Kinase Phosphatase 3 (MKP-3) and Obesity-related Gluconeogenesis”.

James Ziegler, M.D., Department of Pediatrics, has received a grant from URI in the amount of \$10,536, to support his research entitled, “Risk and Protection in Trajectories of Preterm Infants: Birth to Adulthood”.

Dale Bond, PhD, Department of Psychiatry, has received a grant from NIDDK in the amount of \$132,869, to support his research entitled, “Increasing Physical Activity Among Inactive Bariatric Surgery Patients”.

Jessica LaRose, Department of Psychiatry, has received a grant from NIDDK in the amount of \$154,144, to support his research entitled, “Recruiting and Retaining Young Adults in Behavioral Weight Loss Treatment”.

Bernardine Pinto, Ph.D., Department of Centers for Behavioral Medicine, has received a grant from NCI in the amount of \$14,981, to support his research entitled, “Community Volunteers Promoting Physical Activity Among Cancer Survivors”.

David Williams, PhD, Department of Centers for Behavioral Medicine, has received a grant from NCI in the amount of \$17,280, to support his research entitled, “Adherence to Self-Paced vs Prescribed Intensity PA: Exploring Mechanisms via EMA”.

David Williams, PhD, Department of Centers for Behavioral Medicine, has received a grant from NCI in the amount of \$186,307, to support his research

entitled, “Adherence to Self-Paced vs Prescribed Intensity PA: Exploring Mechanisms via EMA”.

April 2009

Weibiao Cao, M.D., Department of Medicine, has received a grant from NIDDK in the amount of \$270,375, to support his research entitled, “NADPH oxidase-associated transition from Barrett’s esophagus to adenocarcinoma”.

Kimberle Chapin, MD, Department of Pathology, has received a grant from MHRI in the amount of \$1,400, to support his research entitled, “MI: Empowering Women to Make Contraceptive Choices While Incarcerated”.

Roland Merchant, MD, Department of Emergency Medicine, has received a grant from NIDA in the amount of \$640,002, to support his research entitled, “Brief Intervention for Prescription and Other Drugs (BIPOD) - Multiple PI project”.

Brian R. Ott, M.D., Department of Neurology, has received a grant from UCSD in the amount of \$25,000, to support his research entitled, “Pet Imaging of Brain Amyloid-Beta with 18F-AV-45 (Florpiramine F-18)”.

Susan Ramsey, Ph.D., Department of Medicine, has received a grant from NIAAA in the amount of \$434,887, to support his research entitled, “Brief Alcohol Intervention to Reduce At-Risk Drinking Among Type 2 Diabetics”.

Christie, J Rizzo, Ph.D., Department of Psychiatry, has received a grant from NIMH in the amount of \$150,796, to support his research entitled, “Dating Violence and HIV Prevention in Girls: Adapting Mental Health Interventions”.

Jack Wands, M.D., Department of Medicine, has received a grant from NIDDK in the amount of \$139,255, to support his research entitled, “Research Training Program in Gastroenterology”.

Belinda Borrelli, PhD, Department of Centers for Behavioral Medicine, has received a grant from NHLBI in the amount of \$61,772, to support his research entitled, “Sustaining Cessation in Smokers with Kids with Asthma”.

Erna Milunka Kojic, M.D., Department of Medicine, has received a grant from MGH in the amount of \$46,472, to support his research entitled, “Efficacy of CBT for adherence and depression in HIV care settings”.

Michelle Lally, M.D., Department of Medicine, has received a grant from NIAID in the amount of \$40,000, to support his research entitled, “Genetic Influences on Health Risk Behaviors in Persons Living with HIV”.

Josiah Rich, M.D., Department of Medicine, has received a grant from DATARI in the amount of \$80,141, to support his research entitled, “The Rhode Island Re-Entry Partnership”.

May 2009

Mary Carskadon, PhD, Department of Psychiatry, has received a grant from NIMH in the amount of \$60,852, to support her research entitled, “Intrinsic Circadian Period: Development, Delayed Phase, and Genetic Associations”.

Stephanie Shepard, Department of Psychiatry, has received a grant from DHHS in the amount of \$19,915, to support her research entitled, “Engaging Low-Income Caregivers in Preventive Interventions for Conduct Problems”.

Larry Brown, M.D., Department of Psychiatry, has received a grant from NIMH in the amount of \$23,602, to support his research entitled, “A Multilevel HIV-Prevention Strategy for High-Risk Youth”.

Weibiao Cao, M.D., Department of Medicine, has received a grant from NIDDK in the amount of \$38,625, to support his research entitled, “NADPH oxidase-associated transition from Barrett's esophagus to adenocarcinoma”.

Jack Wands, M.D., Department of Medicine, has received a grant from BROWN in the amount of \$30,000, to support his research entitled, “High-resolution X-Ray imaging of tumor angiogenesis”.

Robert Kohn, M.D., Department of Psychiatry, has received a grant from BUTLER in the amount of \$54,544, to support his research entitled, “Geriatric Medicine , Dentistry, and Psychiatry Fellowship Program”.

Josiah Rich, M.D., Department of Medicine, has received a grant from

HRSA in the amount of \$328,037, to support his research entitled, “Title III HIV Early Intervention Services (EIS) Program”.

Karen Tashima, M.D., Department of Medicine, has received a grant from MGH in the amount of \$72,065, to support her research entitled, “AIDS Clinical Trials Group - Clinical Research Site”.

June 2009

Alexis Devine,, Department of Lifespan HR Work Force Development, has received a grant from WORKFORCE in the amount of \$99,999, to support her research entitled, “RI Youth Workforce Services”.

Alexis Devine,, Department of Lifespan HR Work Force Development, has received a grant from WORKFORCE in the amount of \$40,146, to support her research entitled, “Summer Employment Opportunities for Youth (ARRA)”.

Erna Milunka Kojic, M.D., Department of Medicine, has received a grant from RIH in the amount of \$6,322, to support her research entitled, “A Mutlilevel HIV-Prevention Strategy for High-Risk Youth”.

Gideon Koren, MD, Department of Medicine, has received a grant from AHA in the amount of \$5,000, to support his research entitled, “The Role of Repolarization in Ventricular Fibrillation Initiation and Maintenance in Congestive Heart Failure”.

Debra Lobato, PhD, Department of Psychiatry, has received a grant from NICHD in the amount of \$25,591, to support hers research entitled, “Latino Siblings and MR/DD”.

Roland Merchant, MD, Department of Emergency Medicine, has received a grant from NIDA in the amount of \$80,000, to support his research entitled, “Brief Intervention for Drug Misuse for the Emergency Department / Administrative Supplement (ARRA) - Student and Teacher supplement”.

Linda Shalon, M.D., Department of Pediatrics, has received a grant from RIDH in the amount of \$60,000, to support hers research entitled, “Obesity Prevention and Control in the Pediatric Setting”.

Yvette Yatchmink, MD, PhD, Department of Pediatrics, has received a grant from WIH-RI in the amount of \$20,051, to support her research entitled, “NICU to Primary Care Provider Specialized Transition Care Program for high risk Very Low Birth Weight infants with Special health care needs”.

Charles Carpenter, M.D., Department of Medicine, has received a grant from NIAID in the amount of \$77,950, to support his research entitled, “CFAR-Summer Research Experiences for Brown/Tufts Undergraduate Students (ARRA)”.

Kyung Eun Rhee, M.D., Department of Psychiatry, has received a grant from NICHD in the amount of \$159,109, to support her research entitled, “Role of parenting skills,style,and family functioning in pediatric weight loss”.

July 2009

Ronald Seifer, PhD, Department of Psychiatry, has received a grant from RIH in the amount of \$9,185, to support his research entitled, “Asthma Management and Ethnic Disparities at the Adolescent Transition”.

Jorge Albina, M.D., Department of Surgery, has received a grant from NIGMS in the amount of \$118,174, to support his research entitled, “Trauma and Inflammation Research Training”.

Rachel Altura, MD, Department of Pediatrics, has received a grant from NCRR in the amount of \$96,450, to support his research entitled, “COBRE Project 1 Post-translational Modification of Survivin: A Novel Therapeutic Approach for Cancer”.

Francesca Beaudoin,, Department of Emergency Medicine, has received a grant from EMERGEMED in the amount of \$4,597, to support his research entitled, “Ultrasound-Guided Femoral Nerve Blocks in Elderly Patients with Hip Fractures: A Radomized Controlled Trial”.

Larry Brown, M.D., Department of Psychiatry, has received a grant from NIMH in the amount of \$38,709, to support his research entitled, “A Multilevel HIV-Prevention Strategy for High-Risk Youth”.

Ming Cheng, M.D., Department of Neurosurgery, has received a grant from BUTLER in the amount of \$13,554, to support his research entitled, “Controlled Trial of DBS for OCD”.

Lori Daiello, PharmD, Department of Neurology, has received a grant from AHRQ in the amount of \$151,736, to support his research entitled, “Neglected By The Evidence: The Intersection of Medical Complexity and Dementia”.

Ronald DeLellis, M.D., Department of Pathology, has received a grant from NCRR in the amount of \$360,653, to support his research entitled, “COBRE Molecular Pathology Core C”.

Kristin Ellison, M.D., Department of Medicine, has received a grant from ST. JUDE in the amount of \$28,700, to support his research entitled, “Programming Implantable Cardioverter Defibrillators in patients withPrimary Prevention Indication to Prolong Time to First Shock”.

Thaddeus Herliczek, M.D., Department of Diagnostic Imaging, has received a grant from RIMI in the amount of \$15,000, to support his research entitled, “Magnetic Resonance Imaging of Children with Clinically Suspected Appendicitis and Inconclusive Ultrasonography”.

Douglas Hixson, PhD, Department of Medicine, has received a grant from NCRR in the amount of \$321,604, to support his research entitled, “COBRE Center for Cancer Research Development Adminstrative Core A”.

Djuro Josic,, Department of Medicine, has received a grant from NCRR in the amount of \$425,905, to support his research entitled, “COBRE Proteomics Core B”.

Neal Leleiko, M.D.PhD, Department of Pediatrics, has received a grant from TORONTO in the amount of \$11,822, to support his research entitled, “Predicting response to intravenous corticosteroid therapy in pediatric patients with severe ulcerative colitis: a multicenter study”.

Elizabeth McQuaid, PhD, Department of Psychiatry, has received a grant from NICHD in the amount of \$109,728, to support his research entitled, “Asthma Management and Ethnic Disparities at the Adolescent Transition”.

Elizabeth McQuaid, PhD, Department of Psychiatry, has received a grant from NINR in the amount of \$25,918, to support his research entitled, “Community Partnership to Reduce Asthma Disparities (ARRA)”.

Steven Moss, M.D., Department of Medicine, has received a grant from NCRR in the amount of \$96,450, to support his research entitled, “COBRE Project 4 Trefoil Binding Proteins in Gastric Carcinogenesis”.

Timothy Murphy, M.D., Department of Diagnostic Imaging, has received a grant from WASHINGTON UNIV in the amount of \$22,744, to support his research entitled, “Pharmacomechanical Catheter-Directed Thrombolysis For Acute DVT - ATTRACT Trial”.

Brian R. Ott, M.D., Department of Neurology, has received a grant from UCSD in the amount of \$270,680, to support his research entitled, “A Randomized, Double-Blind, Placebo-Controlled, Two Dose-Arm, Parallel Study of the Safety and Effectiveness of

Immune Globulin Intravenous (Human), 10% (IGIV) for the Treatment of Mild to Moderate Alzheimer's Disease”.

Jonathan Reichner, PhD, Department of Surgery, has received a grant from NIGMS in the amount of \$247,080, to support his research entitled, “Effect of Neutrophil Priming on Chemotaxis and Signaling (ARRA)”.

Jennifer Sanders, M.D., Department of Pediatrics, has received a grant from NCRR in the amount of \$180,041, to support his research entitled, “COBRE Project 5 Growth Regulation of Liver Progenitor Cells”.

Fiona Zhou, Ph.D., Department of Orthopaedics, has received a grant from MCRI - Australia in the amount of \$66,250, to support his research entitled, “Australian NHMRC Training Fellowship - Application number 546505”.

Belinda Borrelli, PhD, Department of Centers for Behavioral Medicine, has received a grant from NCI in the amount of \$657,309, to support his research entitled, “Motivating Smokers with Mobility Impairments to Quit Smoking”.

Timothy Flanigan, M.D., Department of Medicine, has received a grant from THUNDERMIST in the amount of \$32,508, to support his research entitled, “Thundermist Clinical Service Contract”.

Josiah Rich, M.D., Department of Medicine, has received a grant from NIDA in the amount of \$523,473, to support his research entitled, “A Randomized Trial of Continued

Methadone Treatment Maintenance
Versus Detoxication in Jail”.

Josiah Rich, M.D., Department of
Medicine, has received a grant from RIH
in the amount of \$39,073, to support his
research entitled, “Brief Intervention for
Prescription and Other Drugs”.

August 2009

Ronald Seifer, PhD, Department of Psychiatry, has received a grant from MIRIAM in the amount of \$3,302, to support his research entitled, “Parental Involvement as a Strategy to Enhance Adolescent Weight Control”.

Ronald Seifer, PhD, Department of Psychiatry, has received a grant from RIH in the amount of \$9,908, to support his research entitled, “Intervention for Depressed Latina Mothers of Children with Asthma”.

Ronald Seifer, PhD, Department of Psychiatry, has received a grant from RIH in the amount of \$16,513, to support his research entitled, “Preventing HIV through Affect Management for At-Risk Early Adolescents”.

Devasis Chatterjee, Ph.D., Department of Medicine, has received a grant from NCRR in the amount of \$180,041, to support his research entitled, “COBRE-CCRD Project 2 The RKIP-STATs Axis in Colon Cancer: Molecular Profiles for Prognosis and Therapeutic Intervention”.

Bum-Rak Choi, MD, Department of Medicine, has received a grant from NHLBI in the amount of \$355,982, to support his research entitled, “The role of dynamic changes in repolarization and calcium transients in Long QT related arrhythmias”.

Suzanne de la Monte, M.D., Department of Medicine, has received a grant from NIAAA in the amount of \$18,529, to support her research entitled, “Effects of Ethanol on Insulin Signaling in the Brain”.

Wendy Hadley, Ph.D., Department of Psychiatry, has received a grant from MIRIAM in the amount of \$16,707, to support her research entitled, “Parental Involvement as a Strategy to Enhance Adolescent Weight Control”.

Christopher Houck, Ph.D., Department of Psychiatry, has received a grant from NINR in the amount of \$625,061, to support his research entitled, “Preventing HIV Through Affect Management for High-Risk Early Adolescents”.

James Klinger, M.D., Department of Medicine, has received a grant from NHLBI in the amount of \$200,000, to support his research entitled, “Natriuretic Peptides in Pulmonary Endothelial Cell Barrier Function (ARRA)”.

Valerie Knopik, PhD, Department of Psychiatry, has received a grant from NIDA in the amount of \$665,036, to support her research entitled, “Prenatal Tobacco Exposure: Effects on Neuropsychological Outcomes and ADHD”.

Elizabeth McQuaid, PhD, Department of Psychiatry, has received a grant from NHLBI in the amount of \$208,855, to support her research entitled, “Intervention for Depressed Latina Mothers of Children with Asthma”.

Eduardo Nillni, PhD, Department of Medicine, has received a grant from NIDDK in the amount of \$192,888, to support his research entitled, “ProTRH Gene Transcription and Biosyntheses by Leptin R56 (ARRA)”.

Jonathan Reichner, PhD, Department of Surgery, has received a grant from BROWN in the amount of \$36,748, to support his research entitled, “Towards a molecular signature of neutrophil priming (ARRA)”.

Carl Saab, Ph.D., Department of Surgery, has received a grant from UARK in the amount of \$52,360, to support his research entitled, “Microglia in Chronic Visceral Pain (ARRA)”.

Beth Bock, PhD, Department of Centers for Behavioral Medicine, has received a grant from NIDA in the amount of \$204,000, to support her research entitled, “Examining a Text Message Intervention for Smoking Cessation (ARRA)”.

E. Jane Carter, M.D., Department of Medicine, has received a grant from VANDERBILT in the amount of \$41,390, to support her research entitled, “Miriam/Brown International Clinical Research Fellows Program at Moi Medical School”.

E. Jane Carter, M.D., Department of Medicine, has received a grant from INDIANAU in the amount of \$17,983, to support her research entitled, “AMPATH, controlling and preventing HIV/AIDS in western Kenya”.

Elissa Jelalian, PhD, Department of Psychiatry, has received a grant from NICHD in the amount of \$81,981, to support her research entitled, “Parental Involvement as a Strategy to Enhance Adolescent Weight Control”.

Kenneth Mayer, M.D., Department of Medicine, has received a grant from

VANDERBILT in the amount of \$135,436, to support his research entitled, “Miriam/Brown Fogarty International Scholars Program at YRG Care and Moi Medical School”.

Josiah Rich, M.D., Department of Medicine, has received a grant from HRSA in the amount of \$65,883, to support his research entitled, “Capacity Building to Develop Standard Electronic Client Information Data Systems”.

Rena Wing, PhD, Department of Psychiatry, has received a grant from NHLBI in the amount of \$1,177,216, to support her research entitled, “Prevention of Weight Gain in Young Adults”.

September 2009

Ronald Seifer, PhD, Department of Psychiatry, has received a grant from RIH in the amount of \$23,118, to support his research entitled, “Development of the Pediatric IBD Behavioral Health Registry”.

Jason Aliotta, M.D., Department of Medicine, has received a grant from NCRR in the amount of \$157,556, to support his research entitled, “COBRE-Project 1 Injured Lung and its Influence on Marrow Cell Phenotype”.

Piero Biancani, PhD, Department of Medicine, has received a grant from NIDDK in the amount of \$100,000, to support his research entitled, “Inflammation and Signal Transduction in Esophagitis (ARRA)”.

Larry Brown, M.D., Department of Psychiatry, has received a grant from NIH in the amount of \$202,428, to support his research entitled, “A Multilevel HIV Prevention Strategy for High Risk Youth (ARRA)”.

Qian Chen, Ph.D., Department of Orthopaedics, has received a grant from NCRR in the amount of \$494,395, to support his research entitled, “Administrative Supplement to COBRE for Skeletal Health & Repair - Translational 1 (ARRA)”.

Y. Eugene Chin, PhD, Department of Surgery, has received a grant from NCRR in the amount of \$180,041, to support his research entitled, “COBRE-CCRD Project 3 Acetylation Dependent STAT3 Signalosome in Liver Cancer”.

Y. Eugene Chin, PhD, Department of Surgery, has received a grant from NIGMS in the amount of \$291,476, to support his research entitled, “Acetylation-Dependent IFN Signal Transduction- ARRA”.

Deborah McK. Ciombor, Ph.D., Department of Orthopaedics, has received a grant from DVA in the amount of \$13,334, to support her research entitled, “Center of Restorative and Regenerative Medicine #A3772C (Multiple PI)”.

Gerald Colvin, D.O., Department of Medicine, has received a grant from NCRR in the amount of \$257,004, to support his research entitled, “COBRE-Project 2 Directed Stem Cell Hematopoiesis and Differentiation”.

Suzanne de la Monte, M.D., Department of Medicine, has received a grant from NIAAA in the amount of \$15,595, to support her research entitled, “Effects of Ethanol on Insulin Signaling in the Brain - AA012908”.

Mark Dooner, Department of Medicine, has received a grant from NCRR in the amount of \$207,977, to support his research entitled, “COBRE-Flow Cytometry Core Stem Cell Biology: New Directions in Clinical and Basic Research”.

Christine Duffy, M.D., Department of Medicine, has received a grant from NCI in the amount of \$65,205, to support her research entitled, “Measuring Preferences for Fertility in Breast Cancer for a Decision Aid (ARRA)”.

Braden Fleming, Ph.D., Department of Orthopaedics, has received a grant from NIAMS in the amount of \$342,994, to support his research entitled, “Effects of Initial Graft Tension on ACL Reconstruction”.

Braden Fleming, Ph.D., Department of Orthopaedics, has received a grant from NIAMS in the amount of \$1,491,790, to support his research entitled, “Biologically Enhanced Healing of Autograft ACL Reconstruction (ARRA)”.

Jennifer Friedman, M.D., Department of Pediatrics, has received a grant from NIAID in the amount of \$49,152, to support his research entitled, “Mechanisms mediating adverse birth outcomes in the context of *S. japonicum* (ARRA)”.

Christopher Got, Department of Orthopaedics, has received a grant from SURGERY HAND in the amount of \$16,000, to support his research entitled, “Utilization of Computed Tomography to evaluate the mechanics of the first CMC joint during dynamic loading”.

Stephen Gregory, PhD, Department of Medicine, has received a grant from URI in the amount of \$306,438, to support his research entitled, “Dendritic cell-based vaccination against hepatitis C”.

Daphne Koinis-Mitchell, PhD, Department of Psychiatry, has received a grant from NIH in the amount of \$639,238, to support her research entitled, “Asthma and Academic Performance in Urban Children (ARRA)”.

Debra Lobato, PhD, Department of Psychiatry, has received a grant from NICHD in the amount of \$224,775, to support her research entitled, “Development of the Pediatric IBD Behavioral Health Registry (ARRA)”.

Michael J. Mello, M.D., Department of Emergency Medicine, has received a grant from CDC in the amount of \$199,998, to support his research entitled, “Translation of Alcohol Screening and Brief Intervention Guidelines to Pediatric Trauma Centers”.

Michael J. Mello, M.D., Department of Emergency Medicine, has received a grant from BROWN in the amount of \$3,290, to support his research entitled, “Enhance MI with Alcohol Positive Trauma Patients/ Administrative Supplement (ARRA)”.

Steven Moss, M.D., Department of Medicine, has received a grant from NCI in the amount of \$199,716, to support his research entitled, “Administrative supplement to “p27 and apoptosis resistance in gastric cancer” (ARRA)”.

Ted Nirenberg, Ph.D., Department of Emergency Medicine, has received a grant from NIAAA in the amount of \$58,826, to support his research entitled, “Reducing Driving Offenses of Adolescent Drinkers- (ROAD)”.

Peter Quesenberry, M.D., Department of Medicine, has received a grant from NCRR in the amount of \$807,979, to support his research entitled, “COBRE-Administrative Core Stem Cell Biology: New Directions in Clinical and Basic Research”.

Bharat Ramratnam, M.D., Department of Medicine, has received a grant from NCRR in the amount of \$193,982, to support his research entitled, “COBRE-Molecular Core Stem Cell Biology: New Directions in Clinical and Basic Research”.

Susan Ramsey, Ph.D., Department of Medicine, has received a grant from BROWN in the amount of \$8,785, to support her research entitled, “Naltrexone for At-Risk and Problem Drinking in Smoking Cessation Treatment”.

Courtney Woodfield, M.D., Department of Diagnostic Imaging, has received a grant from RIH in the amount of \$7,470, to support her research entitled, “GME Curriculum Innovations Targeting the ACGME Competencies of Professionalism and Communication”.

Wentian Yang, M.D., PhD, Department of Orthopaedics, has received a grant from NCRR in the amount of \$181,959, to support his research entitled, “COBRE-Project 3 Tyrosine Phosphatase Shp2 in hematopoietic Stem Cell Maintenance”.

Beth Bock, PhD, Department of Centers for Behavioral Medicine, has received a grant from NCCAM in the amount of \$252,009, to support her research entitled, “Yoga for Women Attempting Smoking Cessation: An Initial Investigation (ARRA)”.

Kathleen Morrow, PhD, Department of Centers for Behavioral Medicine, has received a grant from NIMH in the amount of \$95,293, to support her research entitled, “Linking Biophysical Functions of Microbicides to User

Preception & Acceptability (Supplement)”.

Josiah Rich, M.D., Department of Medicine, has received a grant from FENWAY in the amount of \$46,588, to support his research entitled, “Feasibility of Pharmacy-Based HIV Interventions among IDUs: 2 New England Cities”.

Rena Wing, PhD, Department of Psychiatry, has received a grant from NIDDK in the amount of \$276,262, to support her research entitled, “Gene X Behavior Interaction in the Look AHEAD Study”.

Rena Wing, PhD, Department of Psychiatry, has received a grant from NCI in the amount of \$1,000,000, to support her research entitled, “Increasing Sleep Duration: A Novel Approach to Weight Control”.

Rena Wing, PhD, Department of Psychiatry, has received a grant from NIDDK in the amount of \$66,693, to support her research entitled, “Look AHEAD: Action for Health in Diabetes (ARRA)”.

Rena Wing, PhD, Department of Psychiatry, has received a grant from NHLBI in the amount of \$485,920, to support her research entitled, “Innovative Technology to Improve Patient Adherence to Weight Loss Recommendations (ARRA)”.

Rena Wing, PhD, Department of Psychiatry, has received a grant from NIDDK in the amount of \$379,529, to support her research entitled, “Lifestyle intervention to treat erectile dysfunction (LITE) [ARRA]”.

October 2009

Mary Carskadon, PhD, Department of Psychiatry, has received a grant from MIRIAM in the amount of \$315,208, to support her research entitled, "Increasing sleep duration: A Novel approach to weight control".

Bruce Becker, M.D., Department of Emergency Medicine, has received a grant from UMASS in the amount of \$9,917, to support his research entitled, "The Sentinel Events Model: A Dynamic Model of Substance Abuse Cessation".

Larry Brown, M.D., Department of Psychiatry, has received a grant from ALABAMA in the amount of \$19,725, to support his research entitled, "ATN Coordinating Center".

Peter Ginaitt., Department of Lifespan Emergency Preparedness Disaster Preparedness, has received a grant from DHHS in the amount of \$5,000,000, to support his research entitled, "Healthcare Facilities Emergency Care Partnership".

Valerie Knopik, PhD, Department of Psychiatry, has received a grant from BROWN in the amount of \$29,400, to support her research entitled, "Externalizing Behavior: Genetics x Prenatal Nicotine".

Steven Moss, M.D., Department of Medicine, has received a grant from URI in the amount of \$158,888, to support his research entitled, "Genome-wide Fine-mapping of H. pylori-stimulated Human T Cell Responses".

Jack Wands, M.D., Department of Medicine, has received a grant from NIAAA in the amount of \$46,335, to support his research entitled, "HCV in alcoholics - administrative supplement".

Beth Bock, PhD, Department of Centers for Behavioral Medicine, has received a grant from UMASSMEDSCHOOL in the amount of \$83,659, to support her research entitled, "The Sentinel Events Model: A Dynamic Model of Substance Use Cessation".

Belinda Borrelli, PhD, Department of Centers for Behavioral Medicine, has received a grant from BROWN in the amount of \$58,000, to support her research entitled, "Postpartum Maintenance of Abstinence from Tobacco".

Awewura Kwara, M.D., Department of Medicine, has received a grant from BROWN in the amount of \$6,900, to support her research entitled, "Africa-US Higher Education Initiative for HIV/AIDS in Ghana".

Graham Thomas, Ph.D., Department of Psychiatry, has received a grant from TheObesitySoc in the amount of \$25,000, to support his research entitled, "Improving Behavioral Weight Loss via Electronic Handheld Device".

November 2009

Daniel Dickstein, M.D., Department of Psychiatry, has received a grant from BROWN in the amount of \$220,594, to support his research entitled, “Bio-Behavior Markers of Bipolar Disorder Conversion”.

Roy Aaron, M.D., Department of Orthopaedics, has received a grant from NEBH in the amount of \$10,491, to support his research entitled, “Role of Bone and its Measurement in Knee Osteoarthritis”.

Suzanne de la Monte, M.D., Department of Medicine, has received a grant from NIAAA in the amount of \$330,137, to support her research entitled, “Ethanol, Insulin/IGF Signaling and Neuronal Migration”.

Wentian Yang, M.D., PhD, Department of Orthopaedics, has received a grant from NIAMS in the amount of \$205,747, to support his research entitled, “Protein Tyrosine Phosphatase Shp2 in Osteoclastogenesis and Bone Remodeling”.

Peter Ginaitt, Department of TMH Life Emergency Preparedness Disaster Preparedness, has received a grant from RIEMA in the amount of \$72,866, to support his research entitled, “2009 Urban Areas Security Initiative Non-Profit Security Grant”.

Kenneth Mayer, M.D., Department of Medicine, has received a grant from BWH in the amount of \$43,088, to support his research entitled, “T Vaginalis-host Interactions in Relevance to Inflammatory Sequelae”.

December 2009

Jeffrey Hunt, M.D., Department of Psychiatry, has received a grant from BROWN in the amount of \$17,894, to support his research entitled, "Concurrent treatment for parents of adolescents who attempted suicide".

Jinnette Dawn Abbott, M.D., Department of Medicine, has received a grant from UMDNJ in the amount of \$79,768, to support his research entitled, "Transfusion Trigger Trial in Coronary Artery Disease: A Pilot Study (ARRA)".

Braden Fleming, Ph.D., Department of Orthopaedics, has received a grant from Tribologics in the amount of \$80,757, to support his research entitled, "Tribosupplementation for Injured Joints (ARRA)".

Stephen Gregory, PhD, Department of Medicine, has received a grant from URI in the amount of \$43,903, to support his research entitled, "Multi-intracellular pathogen epitope-based Vaccine".

Miran Kim, Department of Medicine, has received a grant from BROWN in the amount of \$27,175, to support his research entitled, "Raf Kinase Inhibitory Protein (RKIP): A New Hepatocellular Tumor Suppressor".

Jonathan Kurtis, M.D., Ph.D., Department of Pathology, has received a grant from UMICHIGAN in the amount of \$340,906, to support his research entitled, "Molecular Phenotypes of Rapidly Progressive Idiopathic Pulmonary Fibrosis K (ARRA)".

W. Curt LaFrance, M.D., Department of Psychiatry, has received a grant from

AES in the amount of \$50,000, to support his research entitled, "Multi-center Treatment Trial Pilot for Psychogenic Nonepileptic Seizures".

Michael J. Mello, M.D., Department of Emergency Medicine, has received a grant from NIAAA in the amount of \$469,789, to support his research entitled, "ReDIAL: A Telephone Brief Intervention for Injured Emergency Department Patients".

Brian R. Ott, M.D., Department of Neurology, has received a grant from UCSD in the amount of \$12,500, to support his research entitled, "PET Imaging of Brain Amyloid-Beta With 18F-AV-45 (Florpiramine F-18)".

Frank Sellke, MD, Department of Surgery, has received a grant from Texas Heart Inst in the amount of \$65,000, to support his research entitled, "Effects of a Pulse Induced by a Constant-Flow total Cardiac Replacement Device".

Joseph Fava, Ph.D., Department of Centers for Behavioral Medicine, has received a grant from BROWN in the amount of \$22,334, to support his research entitled, "Adherence to Self-Paced vs Prescribed Intensity PA: Exploring Mechanisms via EMA".

Michelle Lally, M.D., Department of Medicine, has received a grant from JACKSON FOUNDATION in the amount of \$329,309, to support his research entitled, "RV284: Cohort Development to Determine Genetic Mechanisms of Protection from HIV-1 Acquisition Among Persons at Risk for HIV infection".

Amy Nunn, Department of Medicine, has received a grant from NIAID in the amount of \$40,000, to support his research entitled, “Exploring patterns of sexual concurrency among urban African Americans”.
