

Rose B. David Memorial Lecture

Established through the generosity of her family in recognition of the excellent cancer care she received while a patient at Newport Hospital.

Advances in Immunotherapy to Treat Cancer

Wednesday May 10, 2017 | 12:00 pm to 1:00 pm

Light Lunch Served

Newport Hospital | Gudoian Conference Room

presented by:

Howard Safran, MD

*Chief of the Division of Hematology/Oncology
Lifespan Cancer Institute*

Associate Professor of Medicine - Warren Alpert Medical School of Brown University

At the conclusion of this presentation, participants should be able to:

1. Provide an understanding of how immune checkpoint inhibitors work
2. Review important results of immunotherapy to treat cancer
3. Discuss FDA approved indicators of immunotherapy
4. Describe clinical trials available in Rhode Island with cancer immunotherapy

PHYSICIANS: DISCLOSURE STATEMENT

Disclosure of potential relevant financial conflicts of interest within the last 12 months must be made and resolved prior to the CME activity. The following conflicts have been managed and resolved through the Planning Committee. Our intent is to assist learners in assessing the potential for bias in information that is presented during this CME activity.

- The planners of this conference have no relevant financial interest in, or affiliation with, any commercial interest to disclose.
- The speaker, Howard Safran, MD, has no relevant financial interest or contractual relationships with commercial interest to disclose.

This activity has been planned and implemented in accordance with the accreditation criteria and policies of the Rhode Island Medical Society (RIMS) through the joint providership of Rhode Island Hospital and Newport Hospital. Rhode Island Hospital is accredited by the Rhode Island Medical Society to provide continuing medical education for physicians.

Rhode Island Hospital designates this live activity for a maximum of *1.0 AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Target Audience: Physicians, Nurses, and other interested healthcare professionals.

To request accommodation for a disability or to register, please contact the Newport Hospital CME Program Coordinator at (401) 845-1590 or shay.silvia@lifespan.org
