“Equipped For Exceptional Care”

The Miriam Hospital Women's Association

***Equipped for Exceptional Care Committee**

Putting Our Hearts to the Test Supporting Cardiac Care at The Miriam

*Stress testing at the
Cardiology Stress Lab has
increased 163% this year.*

*This new, state-of-the-art
treadmill includes the latest
GE Centricity technology,
automatically recording
blood pressure and
seamlessly interfacing with
the patient's electronic
medical record.*

*It is a sophisticated solution
designed for healthcare
providers to better evaluate
cardiovascular function
under stress conditions and
will ensure timely access
for all patients.*
