

- Download an app to your phone that can help you drive less distracted!
- Distracted driving apps can:
 - Silence incoming calls and texts but keep features like GPS on
 - Reply to texts & play a special voicemail to tell others you're driving
 - Automatically activate when your vehicle reaches a certain speed
 - Monitor teens' driving and send alerts to parents
- Apps that are available:

■ Drive Mode	■ Zoomsafer
■ Drive First	■ Live 2 txt
■ Safety Go	■ Drivesmart

Finish eating & grooming before hitting the road

Secure all pets, passengers, & possessions when you get in the car

Figure out directions and any traffic alerts before driving

Ask passengers to change the radio, take a call, or text for you

Save serious discussions with your passengers for later

If you must take a call, pull over first
